## Jael Gutierrez

I would be a tadpole because I am going swim and I wish I could jump higher and I wish I could feel to have a long tongue .

## Johnny

I would rather be a tadpole because i get to travel around the lake and make some friends in the lake.when i grow legs i get to swim faster in the water. when i start getting bigger i can eat butterflies.

## Itzamary

I would rather be a caterpillar because you can turn into a beautiful butterfly and discover new places. Also because my wings are going to have different colors.

Itzamary, your butterflies look great!

## Kaiden

I rather be a tadpole because I can discover the new things in the water . I can swim in lakes and jump around to new places.

Kaiden, I love your reasons for why you choose to be a taddpole!

## Cailyn

I would rather be a tadpole because when I grow I can go on both land and water.

Haha, Cailyn, that's a good reason!! You could be an Aqua woman!

## Mira

I would rather be a caterpillar because I can be a butterfly or a moth from a cocoon and I can walk on leaves.

Mira, I like your reasoning!

## Kendell

I would want to be a tadpole because when im a tadpole i could swim fast and when i grow up to be a frog i can eat insects and hop around.

Don't forget to type your name first! good job Kendell!! I love your picture!

## Gael

I would rather be a tadpole because i can swim to ocean and to the lakes and meet.

Gael, I bet you will meet a lot of interesting animals!

## Eva

I would like to be a caterpillar because i can turn into a butterfly and fly to different places around the world.

Eva, I like to have a pair of butterfly wings too!

## Katherine

I would be a Caterpillar because I want to turn into a butterfly.

Katherine, You would be a beautiful butterfly!

## Victor

I would rather be a tadpole because I can discover new species in the tiny pond I live in.

Good answer Victor!

## Andrea

I would rather be a Caterpillar because i would turn like a butterfly

Andrea, you would be a pretty butterfly!

## Jessica

I would rather be a caterpillar because I would turn into a butterfly. I would also get to fly to different country when I migrate.

Jessica, love the way you use the word "migrate" ! good vocabulary!

## **Eliana**

I would be a tadpole because I can explore the waters. I could go deeper than any person can go. plus tadpoles travel together and caterpillars do not all the time. That's why I would rather be a tadpole than a caterpillar.

Good analogy Eliana, I enjoy being with a group, too!
